VICHY CÉLESTINS SPA HOTEL*****

Under the sign of wellness

In a calming environment, on the banks of the River Allier and only a few metres from the town center, the Vichy Célestins Spa Hotel***** stands in the heart of a park with one-hundred-year-old trees. The establishment offers an amazing view from the widened Allier Lake to the Vichy Golf Course.

The comfort and refinement of a modern five star hotel in a neo-classical style, providing top quality services, linked by a glass-walled walkway to the largest Thermal Spa in Europe, at 7,500 sqm. A magical place where everything is organised for the relaxation and wellness of our guests. To relax and recharge your batteries, exceptional suites decorated in contemporary styles, understated and refined, by the designer Lise-Laure Batifol. The luxury of the place completed by high-end equipment and a chic and calming atmosphere conducive to serenity, with personalised services to respond to your every need. Sufficient sophisticated criteria for our guests to succumb to the charm of this unique place, with the spirit very much of a luxury hotel. There are also two restaurants proposing diet and traditional menus with a balanced and flavourful cuisine, as well as a stylish bar with a jazzy touch.

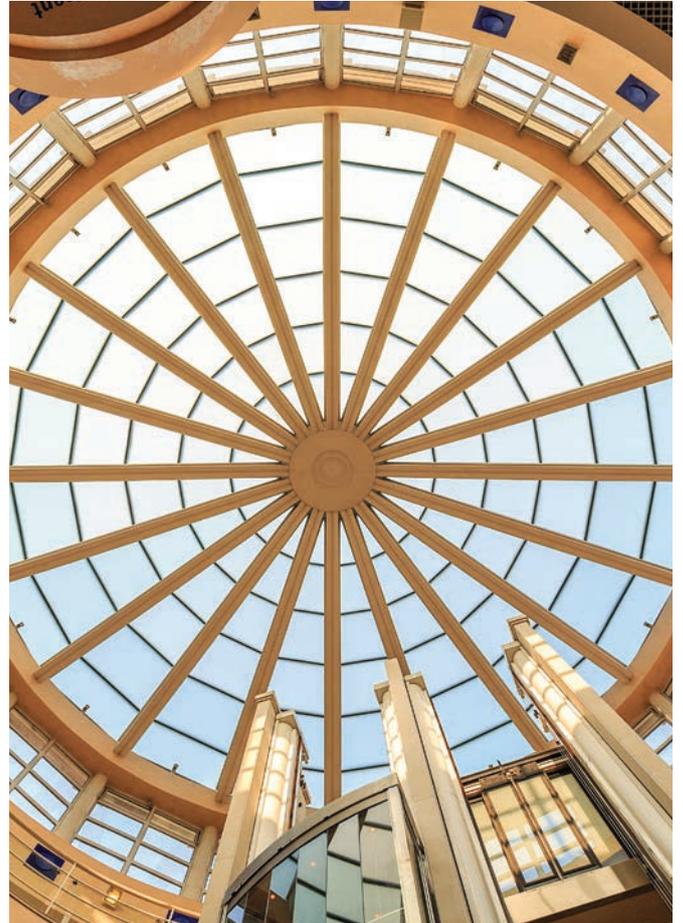

VICHY CÉLESTINS THERMAL SPA

In a calm, light and vast open plan space of 7,500 sqm, the team at Vichy Célestins Thermal Spa welcomes you for your personalised spa break.

Exclusively dedicated to providing short breaks for wellness and health care, this establishment brings together in a harmonious way the «Signature» Spa Care Treatments with Vichy Thermal Water, the mineralising care treatments of the Institute of Vichy Laboratories, the SkinCeuticals anti-ageing skincare treatment, the Health Care Center, sports activities, a relaxation area with a giant hydromassage pool of Vichy thermal water, a hammam Turkish bath, an ice flake fountain, saunas, and a cold water bath for lighter legs. As soon as you arrive, let our multidisciplinary team be your guide to achieve your goals in «Health-Nutrition-Wellness-Beauty».

VICHY
LABORATOIRES

L'Institut

A SOURCE OF STRENGTH FOR YOUR SKIN

THE POWER OF VICHY MINERALISING WATER FOR A STRONGER SKIN, RADIANT WITH HEALTH

Since their creation in 1931, the Vichy Laboratories have been supporting the health and beauty of your skin. At the heart of their products is Vichy Thermal mineralising water. Born in the volcanoes of France, enriched with 15 essential minerals as it follows the same path as thousands of years ago through an extraordinary variety of different rocks, this unique water strengthens your skin against the daily aggressions, both internal and external, of our environment (UV radiation, pollution, stress, fatigue, nutritional imbalance, hormone variations, ..).

At the Institute of Vichy Laboratories, located not far from its thermal spring, this mineralised water finds its full expression. Incorporated into the very heart of Vichy Products, with active ingredients which are both natural and dermatological, the water is used in spa care treatment protocols developed and validated by experts, to transform, rebalance, fortify and strengthen your skin.

YOUR CUBICLE SPA CARE TREATMENT, METAMORPHOSING YOUR SKIN: WATER, MASSAGE, ACTIVE INGREDIENTS

Each ritual, defined based on your Personalised Skin Diagnosis, takes into consideration your lifestyle, sensations and feelings, and transforms your skin step by step. The effects are visible from the first treatment. Four cubicles, each with a bath and bed, are at your disposal. Feel the mineralising freshness of the fine spray of Vichy Water, the delight and pleasure of textures of perfectly dosed active ingredients. Feel your skin becoming plumped up, your face and body remodelled under the expert hands of your Skincare specialist. A moment of pure bliss which covers the face and body, calmed and soothed by a mineral music.

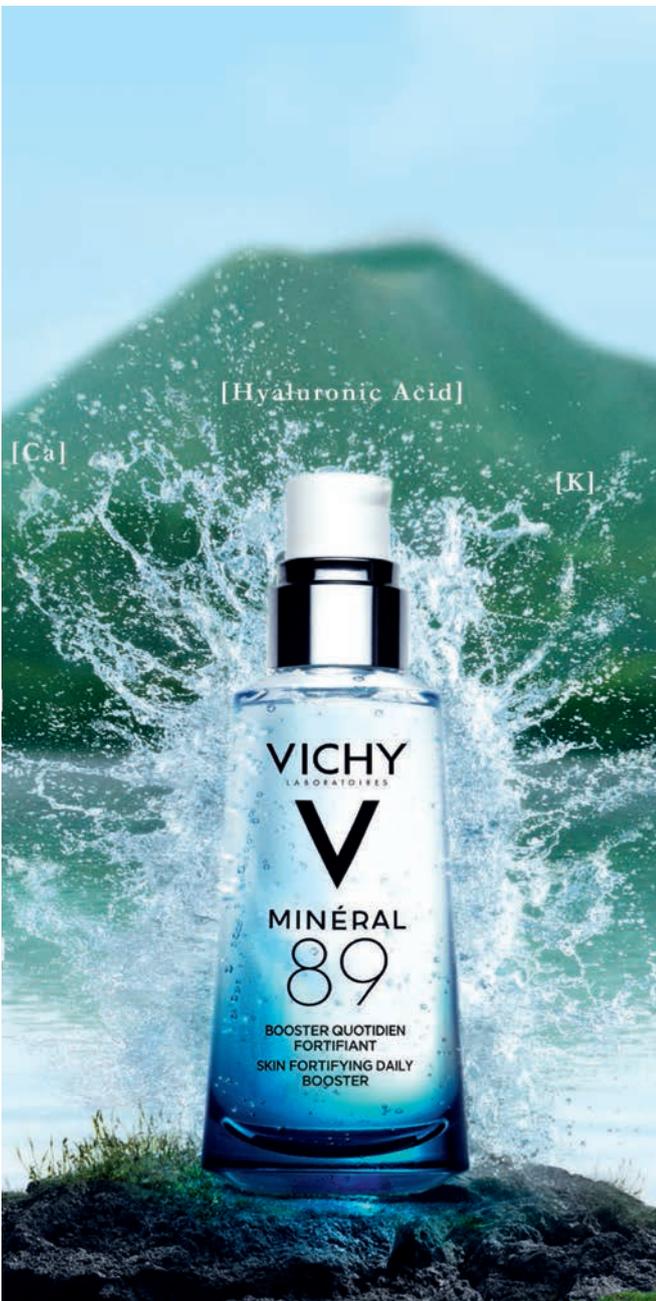

PERSONALISED ADVICE AND SUPPORT FOR A SKIN SUSTAINABLY MORE BEAUTIFUL AND STRONG

To prolong the benefits of your care treatment, your Vichy Skincare specialist will provide you with your Personalised Programme of Vichy Care Treatments with your ritual of products, self-massage movements, and advice for a healthy skin. Our textures bar is also available to you to experience the physical sensations of the textures of our care treatments and discover the natural active ingredients which inspire each range of our care treatments. Everything is done to continue to support you, even after your stay has ended. To remind you each day of your feelings and sensations, to strengthen your skin. Men also have a programme specially designed for them! Let us guide you. We will support you and give you advice.

We want you to fully enjoy and appreciate this renewal.

The full range of Vichy Laboratories products are on sale at the Institute.

SKINCEUTICALS
ADVANCED PROFESSIONAL SKINCARE

**THE WORLD'S NO 1
PROFESSIONAL MEDICAL
AESTHETICS BRAND, MADE IN
THE USA**

The SkinCeuticals range of products is used and prescribed by more than 8,500 doctors, dermatologists, and cosmetic surgeons.

The formulas used in the SkinCeuticals skincare protocols are based on decades of advanced research. They use a high concentration of pure active ingredients (vitamin C, hyaluronic acid, glycolic acid...) along with textures with high dermal absorption, to provide the most demanding women, and men, with highly efficient anti-ageing products.

SkinCeuticals proposes a personalised expert skin diagnosis using a dermatology tool, the SkinScope LED. After analysing your skin profile, we can then advise on the best products to help achieve your skincare goals.

THE SKINCEUTICALS PHILOSOPHY IS BASED ON 3 PRINCIPLES:

PREVENTING the visible signs of premature ageing by using antioxidants, and neutralising the free radicals which cause oxidation, leading to skin damage.

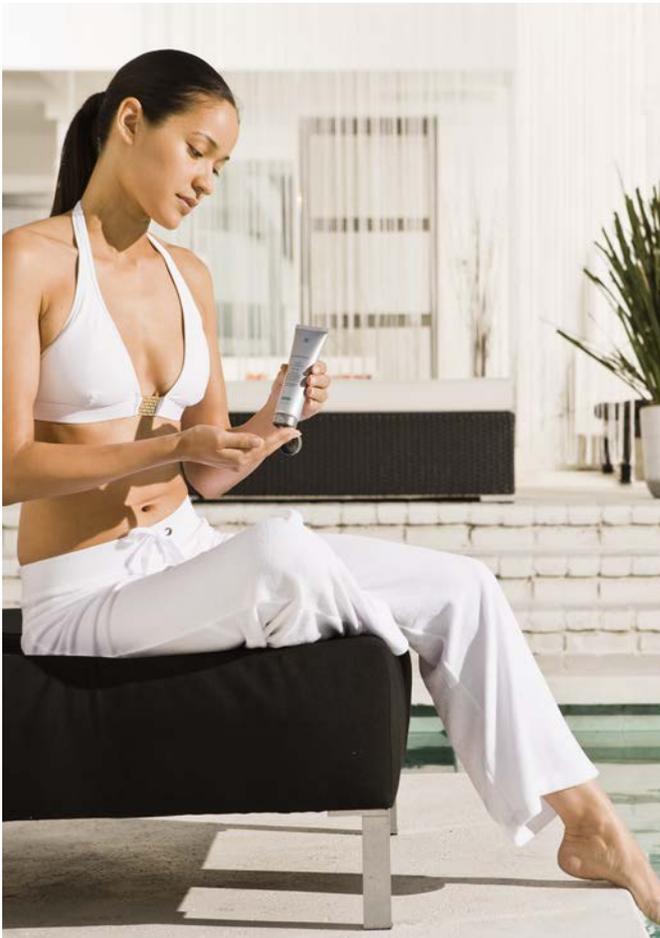

CORRECTING the visible signs of ageing and restoring a more youthful appearance with a glowing complexion, by using highly concentrated, pure active ingredients.

PROTECTING healthy skin against the harmful effects of UV radiation by using solar filters on a daily basis.

Each skincare treatment uses specific anti-ageing modelling techniques and formulas, adapted to all skin types.

You will find the range of SkinCeuticals products on sale in our beauty area.

Consult our list of skincare treatments & our website for further information

NUTRICOSMETICS

NUTRITION AT THE HEART OF PREVENTIVE HEALTHCARE

THE GUARANTEE OF EXTREMELY PERSONALISED CARE TREATMENTS

Based on the fact that each individual has unique needs, micronutrition helps to identify any excess or deficiency in terms of micronutrients which are necessary for the equilibrium and proper functioning of the body. OLIGOSCAN technology provides a precise diagnosis of these needs, and the D-LAB MICRONUTRITION range of products was developed to respond to such needs in a very precise way.

OLIGOSCAN : AN INNOVATIVE TECHNOLOGY

The efficiency of this measuring device has been proved scientifically. It can rapidly evaluate levels of minerals, trace elements, oxidative stress and heavy metals and establish a supplementation to serenely preserve your health capital, reinforce defences and naturally ensure longevity.

D-LAB : THE SPECIALIST IN MICRONUTRITION

Exclusively made in France, the micronutrition range is made up of 14 ultra-targeted formulas, which activate the major mechanisms of cell protection, repair, and regeneration, by delivering a precise dose of active ingredients of exceptional quality, with the highest rate of bioavailability. VICHY THERMAL WATERS

SOURCE OF GOOD HEALTH & WELLBEING Through over 2,000 years of thermalism

The Gallo-Romans were the first to discover the therapeutic virtues of the Vichy thermal springs surging out of the earth at the ideal temperature of 40°C, pushed naturally by the build-up of natural carbon dioxide gas. It was in 1676, that Madame de Sévigné famously wrote about the benefits of Vichy Thermal Spa water, and drew the attention of the French Court. The Vichy spa water cured her rheumatism « The waters here are certainly miraculous » and they even provided her with beauty care « The water makes my skin soft and matt ».

In the 19th century, the Vichy thermal spa resort took on an international dimension with the influence of the French Emperor, Napoleon III. He gave the management to a unique actor, the Compagnie de Vichy, founded in 1862. Thermal spa centers, opera house, golf course, parks and a casino were soon created in the town. The reputation of the Vichy thermal spa resort has earned it the title of « the Queen of Spa Towns ».

Origins of Vichy's mineral and thermal waters, calming and mineralising

Rainwater seeps slowly through the microscopic cracks in the volcanoes of the Auvergne. At a depth of 4,000 metres it comes in contact with the magma and starts its journey through a unique variety of volcanic rocks. The water is heated, and becomes charged with carbon dioxide, minerals and trace elements:

- HCO_3^- Hydrogenocarbonates (*maintaining acid-base regulation*)
- K_2S Sulphur (*detoxifying*)
- F Fluor & Mn Manganese (*antioxydants*)
- Li Lithium & Sr Strontium (*anti-inflammatory*)
- B Boron (*healing*)
- Ca Calcium (*protecting*)
- Fe Iron (*helps transport oxygen to cells in the body*)
- Cu Silicium (*regeneration*)
- K Potassium (*hydrating*)
- ...

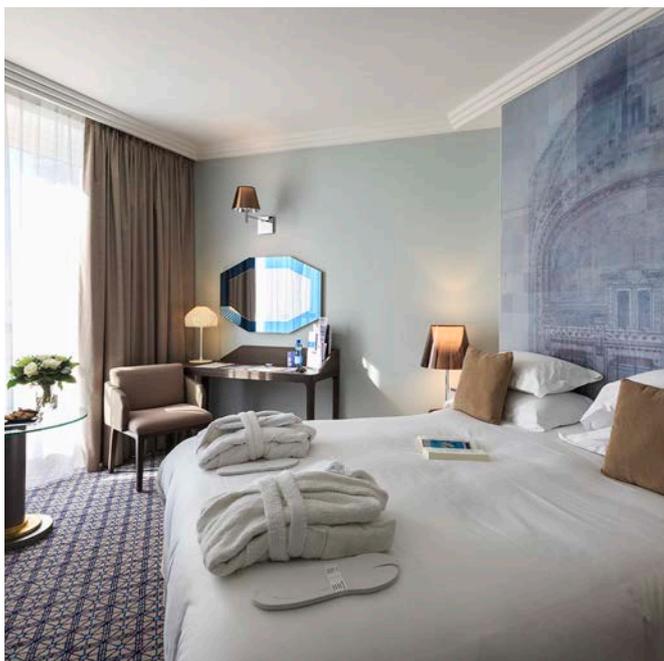

Naturally propelled to the Earth's surface, nine hot water springs discharge their water in the Vichy area.

THE N3 RESTAURANT & BLUE NOTE BAR

The restaurant & bar at the Vichy Célestins Spa ***** Hotel

THE N3 RESTAURANT

Directed by the Chef Christophe Vauthier, working closely with our nutritionists, the healthy cuisine they have created plays with authentic flavours and savours, is appetising, light and balanced, and also revisits regional dishes. The N3 Restaurant has a terrace looking out over the park, so that you can vary the pleasure!

Secrets of the cuisine? Controlling the seasoning, and using low temperature cooking, the recipes of Chef Christophe Vauthier and the Pastry Chef Sebastien Bonnamour use Vichy Célestins mineral water, which is naturally rich in minerals and bicarbonates, for cooking and preparing the desserts.

THE BLUE NOTE BAR

Make a Rendezvous with comfort, relaxation and wellness in the lounge area of the Vichy Bar, The Blue Note, or when the weather is fine, on the terrace facing the park. Discover our Drinks Menu, Ice Creams and Sorbets, made with the special ingredient, Vichy Célestins Mineral Water. Or have a snack at lunchtime, with a Celest slate, or plate, all concocted by our Chef Christophe Vauthier and our Pastry Chef Sebastien Bonnamour.
